

Western Australian Seabird Conservation Forum

21 APRIL 2017

UWA Campus Albany – 9:30 am to 4:00 pm

A forum on the threats and management strategies for four currently 'conservation dependent' seabirds in WA: Flesh-footed Shearwater, the Little Penguin, Lesser Noddy and Australian Fairy Tern.

- | | | | |
|----------------------|--|----------------------|--|
| 9:30 – 9:45 | Welcome & introduction
<i>Nic Dunlop</i> | 12:30 – 13:00 | Can we assist Little Penguins adapt to climate change?
<i>Erin Clitheroe</i> |
| 9:45 – 10:30 | Threats contributing to the decline of Flesh-footed Shearwaters, fisheries bycatch. <i>Barry Baker</i> | 13:15 – 14:00 | LUNCH BREAK |
| 10:30 – 10:50 | Threats to Flesh-footed Shearwater on south-coast of Western Australia.
<i>Nic Dunlop</i> | 14:00 – 14:45 | Current status and threats to the Lesser Noddy and other pelagic terns.
<i>Chris Surman, Lisa Nichollson or Nic Dunlop</i> |
