

# How to care for unique *Kwongan* bush & upland flora on Cranbrook farms

**Field-outing 10.00am – 1pm Friday 22 April 2022**

This field event focuses on how landholders can recognize and care for *Kwongan* and other upland remnant bushland on farms in the Cranbrook area. The outing will visit sites on farms showcasing the challenges facing management of the unique *Kwongan* floral community (*Kwongan* is a special proteaceous-rich endangered vegetation type in WA). The event will discuss fire, dieback, fencing, weeds & other management issues. Meeting place: corner of Solomons & Salt River Roads, 11.2km east of Cranbrook. Morning Tea provided. Please register with Green Skills on [bschur@greenskills.org.au](mailto:bschur@greenskills.org.au) or 0429481019

*This event is supported by Green Skills, South Coast NRM, Gondwana Link and the Koorabup Trust, through funding from the Australian Government's National Landcare Program*
